Message

Dear Governor Cooper - I am writing to thank you and your administration for standing in opposition to the Atlantic Coast Pipeline. The truth is, North Carolinians do not want a pipeline of fracked gas dividing up our communities, farmland, and devastating our natural resources. It is big corporations and businesses who want the pipeline, and they are the only ones who stand to profit from the planned project. Given that you are born and raised in Nash County - I myself am from Edgecombe - I know you understand better than most how harmful this pipeline will be for the farmers whose land will be cut through, the populations of minorities whose health will be harmed, and the streams that feed our wildlife and nourish our environment. Please continue to help protect us and support the DEQ by standing up to Duke Energy to reject the planned ACP pipeline and tell them that North Carolinian's want CLEAN and renewable sources of energy for our future, exclusively.
Sincerely, Gennelle Wilson
